

July 12, 2016

Minutes of Meeting
Hubbardston 250th Committee

Attendance – Angela Werner, Karen Butland, Katie Young, Beth Suchocki,
Hilary Scott

Old Business

Discussed the success of our Movie/Camp-out night we hosted at Rec Field at the end of June. Also discussed our next planned event for fundraising – spaghetti dinner in September of 2016. Katie Young did say she would stay in-touch with Mrs. McComb at HCS in regards to events that we have up-and-coming throughout 2016-2017.

Also discussed, having the Committee get together to follow-up and call the local businesses that we sent our sponsor and parade forms to in an effort to secure donations for flags and get commitments for companies that will participate in our parade. We need to reach-out to the smaller, local businesses that feel that they can't afford to buy a flag or even participate in parade so that we can help them find creative ways to include their patrons in an attempt to have them help and donate materials to make an exhibit or float for the parade.

Minimal discussion of the parade as only a few Committee Members were present at this meeting. At this time, no bands have been lined-up. Angela has two possible ROTC groups for the parade – Monty Tech and Quabbin. Angela will email contacts she has for the ROTC.

New Business

Angela presented a new publication called *Uniquely Quabbin* as a possible means to run an advertisement for our 250th Celebration. Angela has pricing to run an

advertisement. Also, this publication will run our upcoming events at the back of the magazine under calendar of events at no charge to us! Beth also suggested us looking into the *Johnny Appleseed* publication as a possible means to advertise as well.

Note – Hilary Scott was in attendance at the beginning of the meeting regarding some confusion as to why his reenactment group in Hubbardston was being approached about securing auxiliary police for the 250th Committee? Angela took down his contact information to get back in-touch with him.

Closing

Next 250th Committee meeting has been tentatively scheduled for August 16th at 6:30 pm at the Slade Building.
