

Hubbardston Board of Health

June 24, 2014

Minutes

Library Basement

Public Hearing called to order at 7:01 p.m. in the Hubbardston Library Conference Room located in the Library Basement.

Present: Tomas Larson, Chariman
Randy Mizereck, Vice Chairman
Steve Mossey, Member
Absent: Hayden Duggan, Lucinda Oates
Guest: Jason Moury

Motion: Steve Mossey

Second: Randy Mizereck

Motion made to accept minutes of June 24, 2014 as written. All in favor. Motion carries.

Landfill:

Mark Popham sent in a report for the Post-Closure Landfill Monitoring Report which was tested during May and June of 2014. Mr. Popham stated that the landfill's final cover system appears to have maintained its structural integrity. The June 9th site inspection revealed that there has been no apparent diminishing of the vegetative stabilization layer's effectiveness in preventing soil erosion or undermining of the underlying capping material. In general, Mr. Popham stated, that the closed Hubbardston Landfill is effectively secured and maintained in a manner which protects public safety and the environment. The information will be scanned and sent to the DEP.

Title 5 Inspections:

Title 5 inspections for 12 Flagg Road and 65 Hale Road were reviewed. Both of the Title 5's passed.

Jason Moury, Board of Health Intern:

Jason Moury came in to meet the board and discuss what he has been doing for his internship. Mr. Moury began by discussing having a survey available for the seniors in town with medical disabilities or that may have needs such as oxygen, medication, etc that we would need to be aware of to help them better in case of an emergency. The survey would be given out by the Council on Aging as well as the CEERT team in town. This would be useful in a situation where shelter in place is no longer an option. Mr. Larson stated that communication between different groups in town needs to be better so that we could work together and provide the necessary services for our town. Mr. Moury stated the September is Emergency Preparedness Month and this would be a good time to get things started. Mr. Moury also brought in some information regarding tick awareness for our Field Day presentation in September. Mr. Moury went to the MA Department of Public Health and the MDPH may have some displays available for us to use at Field Day. Mr. Moury brought in a four panel brochure that we could hand out. Also,

Mr. Moury designed a poster which would be able to be placed in the libraries and school hallways. We would also be able to use these posters on our website. Mr. Moury also designed an early warning signs magnet which we could pass out at Field Day and have some in the library and at our offices. Mr. Moury is also working on putting a binder together which the board can peruse when there is an infectious disease that needs to be put into MAVEN in the absence of the MAVEN coordinator not being in the office.

Permits:

Installer's permit signed for William Schulze.

Motion: Randy Mizereck

Second: Steve Mossey

Motion was made to nominate Tomas Larson as Chairman of the Board of Health. All in favor, motion carries.
