

**Hubbardston Conservation Commission Minutes**

**October 2, 2013**

**Library Basement**

Meeting called to order at 7:01 p.m. in the Hubbardston Library Conference Room located in the Library Basement.

Present: Steve Mossey, Mike Stevens, Tony Coppola, Larry Therrien

Guest: Mike Gagnon, Rebecca Budaj

**Motion: Larry Therrien**

**Second: Tony Copolla**

Motion was made to approve the September 4, 2013 minutes with no corrections. All in favor. Motion carried.

**First Order of Business:**

Mike Gagnon, Senior Project Engineer from McBride and McBroom, came in to discuss the Healdville Road Bridge. The bridge is only posted for 3 tons right now. Mr. Gagnon stated that they had already come before us regarding the roads project. That project is currently complete. McBride and McBroom conducted a field investigation, which the findings are included in the packet. One of the first tasks was to get a supplemental survey which was done as well. They plan on retaining all of the entire existing substructures. There is no work anticipated in the water course. There will be no additional wetlands impact either. Mr. Gagnon is asking for an amended Order of Conditions with provision to make sure debris doesn't get into watercourse. The bridge will be closed for approximately 6 weeks +/- . The capacity for the new bridge will be 40 tons.

**Motion: Tony Coppola**

**Second: Larry Therrien**

**Motion made for an Amended Order of Conditions which they will abide by the Town of Hubbardston's Special Conditions as well as when working on bridge, they will have shielding in place and at the end of each day, there shall be no loose materials stored within 50 ft of the project,**

Motion was made to adjourn at 8:00p.m with no further discussion. All in favor.

Approved:  Date: 11/0/13
