2 Pier Diem firefighter/paramedics  
1 Call EMT  
2 Call firefighters  
**19 Totals**

**Notes:**

September tied the record for the highest call volume ever recorded for a single month in the history of the HFD. These calls ranged from medical emergencies to brush fires to structure fires to alarm activations and everything in between. There were multiple instances where both of our ambulances were out on calls at the same time and multiple times we had to utilize our mutual aid partners to assist us as well. This has become more the norm than the exception as we see our calls for service increase each year.
