----------------------	----	-----------------------------	----

Community Policing Events/Programs:

February continued to be a relatively slow month in community outreach as the department was tied up with the many weather events that plagued our area. Extreme temperatures and snow hindered our abilities to set up traffic posts etc.

We continue to monitor the school crossing and regular trips are made to the school during their hours. This has maintained a great working relationship as well as open lines of communication.

Officer Chatigny continues his involvement with several groups at the Quabbin middle school and high school. This involvement will help us assist the Hubbardston students during the upcoming prom/graduation season.

A large portion of outreach has been through public safety announcements from facebook and twitter. This continues to be a favorite form of outreach for the followers.

I continue my involvement in the Long Range Facilities Planning Committee.

In regards to social media we have increased our followers on Facebook from 1340 to 1405 and Twitter from 1550 to 1778. Feedback continues to be extremely positive and followers continue to grow.

Police Details were billed out for \$765.00.

Budget Information/Concerns:

Currently there are no major concerns as we reach the winter months. The 2007 Ford Explorer seems to have a skip in the transmission which we will monitor. It also had work done on the wiper system and electronics.

Equipment and Capital Equipment needs/Concerns:

The bathrooms were renovated with work from Ofc. Chatigny. New paint and a new toilet were installed.

Personnel Information:

We are now at full staff.

Grants:

There are currently no grants in progress.

Records:

Document scanning continues to move forward. The overnight officer is tasked with completing this and we are progressing.

Policy Updates:

There were no policy updates this month. We continue to discuss possible changes at our monthly staff meetings to both better serve the public and better direct our officers. On February 28th the department completed nasal narcan training and we are currently formulating a policy and filing the necessary paperwork to allow officers to carry this important tool in their medical bags.

Respectfully Submitted:

Dennis G. Perron
Chief of Police 03/03/2015
